

## Vacancy – Intern Private Equity

### What does the function imply?

- Empowering the Investment Team of Rotrip with dedicated support and expertise
- Assisting in the search for new investment opportunities
- Conducting commercial, strategic, and financial due diligence
- Comprehensive market analyses of (potential) investment opportunities
- Supporting and collaborating with our portfolio companies.

### What are we looking for?

- Holds a bachelor's/master's degree in business administration, (business) economics, finance, technical, or related fields
- Demonstrates a keen interest in the field of investments
- Possesses strong analytical, numerical, and commercial acumen
- Proficient in working with Microsoft (Excel/PowerPoint)
- Exhibits proficiency in the Dutch language both verbally and in writing
- Embraces a proactive approach and takes initiative in assuming responsibilities
- Is available full-time (40 hours per week) for a consecutive period of 4 to 6 months
  - Part-time arrangements can be discussed if preferred.

### What do we offer?

- Dynamic learning environment encompassing all aspects of the investment profession
  - Opportunity to observe and gain insights into various types of investments. In addition to Private Equity and Venture Capital investments, Rotrip also engages in other asset classes such as Public Markets, Real Estate, and Funds
- Possibility to learn and gain understanding in an entrepreneurial work environment
- The chance to observe a large number of leads at different stages of the deal due to a high volume of opportunities
- Competitive salary (EUR 1000 per month).
